## 01. PURPOSE OF FOODTECH INNOVATION AWARDS

**Food Tech Innovations Awards 2021** recognizes the most innovative proposals that offer a disruptive approach to Customer Experience or Management. Innovative business models or technology that can make a change in the food sector.

We believe that the food industry is booming and while online reviews are great, it always helps to have some recognition from a credible, third-party source. Additionally, as food lovers, we wish to recognize those organizations that are shaping the industry and promote them to our 100,000 strong readerships and to media. Our goal is to provide the very best tips on food to our discerning followers and subscribers too. This way, we intend to bring out the best in the food industry and highlight it for the world to see.

## 02. FOODTECH INNOVATION AWARDS 2021 CATEGORIES

The proposals that will be considered to participate in the Awards must be in the framework of the following categories:

**A). The most innovative solution on digitalisation Award for the food and beverage industry**

**B). Best Sustainability Project**

**C). Healthy Food**

**D). The most innovative FoodTech Startup**

**E). The Best Automation and Robotics solution**

**A). The most innovative solution on digitalisation Award for the food and beverage industry**

This category seeks to recognise the work and effort of the company, platform, solution or technological application that is impacting and transforming the food and beverage industry, its sales model, its production, process, contact with the consumer or value proposition through a solution linked to the digital and technological sphere. Applications of technologies such as IoT, cloud, Artificial Intelligence, Digital Twin or biotechnology among others to the food and beverages industry will be considered.

**B). Best Sustainability Project Award**

The aim is to recognise the work and effort of positive impact as an alternative to a problem of environmental impact; and as a fulfilment of the sustainable development goals. SDGS. Such as packaging waste, actions to reduce climate change, more sustainable agricultural practices, science and research applied to understanding and improving environmental impact, circular economy, and better sustainability awareness initiatives.

**C). Healthy Food Award**

The aim is to recognise the work and effort of the company, project or platform that promotes an innovative and/or scientific solution that promotes healthy eating. This award contributes to the promotion of innovative projects developed throughout the value chain of the food industry, as well as projects within the framework of Foodtech whose solution has a direct impact on healthy eating.

**D). The most innovative FoodTech Startup Award**

This award is aimed at the most innovative startups with the greatest impact on digitalisation, sustainability and health in the Foodtech sector. Whether they are at a very early stage or at a more advanced stage, innovation and disruption in the solution itself will be valued. This category, in turn, will receive applications submitted directly from the Foodtech Startup Forum of Food 4 Future - Expo FoodTech.

**E). The Best Automation and Robotics solution Award**

This category is focused on the use of automation and robotics to boost competitiveness of their production processes or into their factories. Projects focused on the field of innovation, research and development (R + D + I) between industrial companies, technology centers or robotics manufacturers may also be presented. Those projects for industrial robotics or collaborative robotics solutions that have been carried out in the production lines through integration systems will also be taken into consideration as well as business cases of factories that have been an example of implementation of robotics or automation systems.

## 03. AWARDS ORGANIZER

The FoodTech Innovation Awards is organized and owned by **Food 4 Future I ExpoFoodTech**.

## 04. WHO CAN PARTICIPATE?

The **FoodTech Innovation Awards** are aimed at all companies, universities, vendors, executives, business schools, scholars, researchers, analysts, journalists, start-ups, scale-ups, accelerators, science and tech parks, innovation centers, etc. from all over the world.

All organizations which are identified with this aim are cordially invited to submit their proposals to the **Food 4 Future I ExpoFoodTech Evaluation Committee**.

## 05. RESTRICTIONS

There are no restrictions in terms of numbers of entries to be submitted at Food 4 Future 'Call for Awards'. Food 4 Future believes that all organizations should face their Digital Transformation in all possible ways and be ready the global digital economy.

However please note that entries must not contain any threatening, abusive, defamatory or false content if so, the organizer has the absolute right to remove the entry without any notice to the author.

## 06. PROPOSAL APPLICATION

Only proposals made through Food 4 Future website ([click here](#)) will be accepted. The submission implies the acceptance of the Terms & Conditions included in this online form.

Organiser recommends the perusal of each item of the Terms & Conditions.

## 07. SUBMISSIONS DEADLINE

Call for Awards will be open from April 9th and will close **May 17th, 23:59:59 CET**. Food 4 Future Call for Awards could be extended if necessary, at the discretion of the Organizer.

## 08. EVALUATION CRITERIA

All submitted proposals will be evaluated by **Food 4 Future | Evaluation Committee** in terms of the impact achieved within the frame of:

- Innovation
- Leadership
- Disruption
- Strategy
- Execution

## 09. EVALUATION PROCESS

The evaluation process is divided in two phases:

### PHASE 1:

Regulation compliance and pre-selection: The Evaluation Committee will conduct the first evaluation to check whether the entries comply with the requirements and conditions defined selection criteria.

A pre-selection of 3 pre-award candidates per category will be made. Pre-selected candidates will be informed by email (according to item 10. Pre-Selection Communication).

The organiser will then be able to request additional information if needed in order to complete the information submitted in the entry.

Proposals may exceptionally be subject to a change of category according to the observations of the Evaluation Committee. The candidate will be informed in due time.

### PHASE 2:

Winners selection: The Evaluation Committee will assess the projects, selecting each Food 4 Future 2021 award category winner.

The Evaluation Committee members and the winners will be announced during the Food 4 Future Ceremony to be held on **June 16th** in a location to be selected by the Organiser.

The Steering Committee decision is final and private and not subject to any queries or public Investigations.

Any of the Food 4 Future 2021 Awards categories may be declared void by the Evaluation Committee.

Pre-selected Awards finalists candidates will be notified from May 24th 2021 onwards to the main email address specified in the registration form.

## 10. PRIZES

The FoodTech Innovation Awards will grant the finalists with the following prizes:

- A single invitation to attend the Awards for all the finalists of each category.
- A trophy recognition of the awarded category.
- Media recognition and dissemination of the award to all Expo Food Tech channels and Media Partners.
- Press release mentioned of the project and distribution to economic and specialized media.

## 11. INTELLECTUAL AND INDUSTRIAL PROPERTY RIGHTS

The participant is responsible for the authorship of the submitted proposal; he/she/the organization is the owner of the intellectual and, where applicable, industrial property rights thereof.

The participant is accountable for the proposal submitted not violating intellectual property rights, industrial property rights, copyright and/or image rights and assumes complete responsibility with regards to third parties: The Organization is free of any liability.

Should the proposal be short-listed, the participant authorizes the Organization to disseminate, reproduce and publish the proposal in any format and using any medium to publicize the FoodTech Innovation Awards 2021.

## 12. DATA PROTECTION

The Food 4 Future Expo undertakes to maintain the confidentiality of the proposals received and the companies or authors and only will share them with the Steering Committee members for deliberation purposes.

Once one proposal has been selected, Food 4 Future organization may consider publishing any details such as author, company/organization, title, brief, abstract, website, and/or topic, in those channels and means that Food 4 Future uses for its promotion.

We inform you that Expo Food Tech will process all your data in accordance with the provisions of its Privacy Policy, where you could be able to exercise the rights that this norm confers.
